THE KIDNAPPED FAIRY

By Ishita Padiyar, Grade 2A

CHAPTER ONE - TOM AND LISA GO BACK TO FAIRYLAND

It was a windy autumn morning. Tom and Lisa were sitting on the steps of their house. Lisa was reading a book and Tom was practicing some of his math problems. It was Lisa's birthday. They were planning to go for a picnic that day.

Tom and Lisa's mother called out to them saying, "It's almost time for the picnic. Quickly get dressed and then let's go."

Tom and Lisa excitedly ran into the house to change into nice clothes for the picnic. Tom, in his excitement, dropped a jar where a few chocolates were kept for the picnic. The jar opened and the chocolates fell out. "Oops", he exclaimed. He collected the chocolates and put them back into the jar.

Then, Tom went to his room to get dressed. After some time, Tom and Lisa came out of their rooms fully dressed and ready

They then picked up the picnic basket and started running to their garden.

Lisa said, "I picked a sunny and beautiful spot for our picnic. It has a lot of trees."

Tom said excitedly, "It sounds beautiful. Let's go quickly."

Tom and Lisa ran fast and after some time, they stopped in a beautiful place with lots of

Lisa said, "This is the picnic spot I was talking about." They saw that their parents had already reached and were putting down a pink colored carpet to sit on. Tom and Lisa helped them.

They had a lovely picnic. After the picnic, Tom and Lisa's mother said, "Your dad and I have to get back to work. You 2 can play in the garden for some more time". Tom and Lisa agreed. Their parents went back home.

Tom and Lisa while walking in the garden, saw a hole in the ground. Lisa said excitedly, "Come on, let us go into that hole and see what is inside". She was wondering if this was the hole that led to fairy land. She decided to go and check it out.

They went inside the hole. It was very dark inside. Tom told Lisa, "I will go home and get a torch. It's very dark here!"

Lisa nodded. Tom ran back up to the garden and home to fetch the torch. He returned to the hole with the torch and went inside. Lisa was waiting for him. He shone the torch to find red walls all around them and a tunnel. Lisa thought, "This should be the entrance to fairy land!"

They crawled through the tunnel and after some time came out into another room. There was another tunnel with same red walls. They crawled through the tunnel for some more time and reached a hole with a ladder leading down. They climbed down the ladder and ended up entering the fairyland.

As soon as Tom's feet touched the ground, a blue light came over him and he said excitedly, "Lisa! We are back in fairy land!!" He continued, "Let's go and find Eclina!".

CHAPTER TWO – LIMA, THE FAIRY, GETS KIDNAPPED

Lisa and Tom ran around trying to find Eclina's house. While they were running, a fairy asked them, "Hi Tom and Lisa! Why are you running around?"
Tom answered, "Lisa and I are trying to find Eclina's house, but we have forgotten the route!"

The fairy said, "I know where it is! I will take you there. It's a little far from here, so you hold my hand, and I will fly to Eclina's house."

The fairy jumped up to fly. Tom and Lisa did the same, but the fairy had gone a little too high for them to reach her hand.

But, instead of them landing on the ground again, a force held them in the air. Tom moved both his hands towards his side trying to point at something. Instead, he moved to the side he was trying to point at.

The fairy said to Tom, "Someone must have put a spell on you to make you fly..."

Lisa interrupted the fairy, saying, "Last time when we were here and met Roseletten, she had put a spell to help us fly. So, now that we returned, we are still able to fly!"

The fairy exclaimed, "Oh! That's why you can fly! You just follow me, and I will take you to Eclina's house."

She flew up with Tom and Lisa following her.

They flew for a while until they reached Eclina's house.

Tom and Lisa thanked the fairy.

They knocked on the door, excitedly.

Eclina opened the door, and said, "Oh Hi Tom and Lisa!! You are back! Nice to see you again!"

6 small fairies surrounded Eclina. Youngest among them asked Eclina, pointing at Tom and Lisa, "Are they humans Mamma? " "Yes!", exclaimed Eclina.

One of the other small fairies said, "I hate humans! I learnt in school that humans spoil fairy land."

Eclina said, "No no they don't! These 2 are my friends!"

The oldest among the small fairies said, "Hi Tom and Lisa! I am Piny.
These are my sisters, Lima, Lucy,
Clamery, Sophie, Fanny", pointing at the other small fairies.

The fairy named Clamery said, "I thought humans are just a few inches taller than adult fairies but, you are sooo much taller and bigger than Mamma!"

Lisa and Tom chuckled and said, "Hi all of you! And yes, Clamery, we are much bigger than all of you fairies!"

Lima, the youngest one shuddered and said, "I am very scared of these humans Mamma. So, I want to go to the park and play."
Eclina said, "Lima, they are our friends. Don't be scared. But you can go and play!"

Lima nodded and ran out of the house to play.

Eclina then said to Tom and Lisa, "Come inside and relax. It's been so long. Tell me all about what you both have been up to!".

As they went inside and settled down, Tom and Lisa and the fairies heard Lima's scream.

They all ran out of the house and saw Lima frozen with shock near the park. Eclina went to her and hugged her, asking, "Lima, what happened??" Lima said, out of breath, "I saw some creatures from Kidnappers land approaching our house. They then suddenly disappeared."

Eclina said, "Those creatures aren't real. They are just part of human tales, Lima! You might have just imagined them! You go and play and if you see them again, call me."

Tom asked, "What are human tales?"

Eclina answered, "Human tales are stories which are not real." Lisa asked, "Like fairy tales in our world?"

Eclina said, "Yes, like fairy tales!" Lima said, "Ok, I'll go and play."
Lima hopped off to play.
Eclina and the others went back home.
After a while, they heard Lima scream again.

All of them ran out to the park but could not find Lima anywhere!

Then, Tom spotted a truck at a distance unlike any other trucks in fairy land.
Written on the side of the truck was "The Kidnappers' truck manufactured in Kidnappers' Land".

Tom said, "Eclina, look at that truck!"

Eclina murmured worried, "Oh no! That seems to be from Kidnappers Land!

They are indeed real! Lima must be in there. But how do we get her back?!"

CHAPTER THREE – THURSMOLUS

Tom said sadly, "Poor Lima! Lima should have not at all gone to play!". Lucy started bawling. Eclina comforted Lucy by telling her, "We will find a way to get Lima back. Don't worry!"

There was a long pause. Then, Piny said excitedly, "Thursmolus can give us clues about exactly where Lima has been taken." Tom asked, "Who is Thursmolus?? Is he or she a fairy?" Eclina said, "Thursmolus is the wisest fairy in the whole world. If we give her one of my golden coins, she will give us some information."

Fanny said, "Let's immediately go to Thursmolus's house and get some clues".

Eclina said, "Okay, Thursmolus's house is far away. So, even if we fly, it will take about an hour to reach. I have a close friend that's a builder fairy who had built me a big chariot that runs very fast. I think it will be faster if we go by that."

Clamery said excitedly, "Quickly get the chariot then! I have never been in that before!"

Lisa added, "Oooh it does sound exciting, will Tom and I be able to fit in?"

Eclina answered immediately, "Yes, of course. It can fit all of us fairies and around 3 humans! It's really big!"

Eclina said a spell for the chariot to appear. Eclina said, "Come, the chariot is waiting for us outside!"

All the fairies along with Tom and Lisa went out of the house.

They saw a really huge red chariot with 4 unicorns pulling it, there were unicorn horns on the roof of the chariot, and the unicorns pulling it were also having the same horns.

Tom and Lisa exclaimed, "Wow!! Such a beautiful chariot!"

The fairies were very happy to look at the chariot.

Finally, all of them got into the chariot. Inside the chariot, there was a funny shaped machine with a funny tray to its left side for food, and another machine with a big circle in the middle of it with numbers engraved which showed the time.

There were beautiful couches for sitting – there were few bigger couches as well for the humans.

It looked very beautiful inside.

Lisa said, "It's so beautiful! But how do you tell the unicorns where to go? There does not seem to be anything here to navigate!"

Eclina laughed and said, "We have to just tell the unicorns in the language we do spells in."

She then spoke to the unicorns in the spell language and asked to take them to Thursmolus' house.

They immediately felt a jerk and when they looked out of the window, found themselves in the air flying very fast.

The chariot stopped after a few seconds. They had reached already!

They stepped out of the chariot and stood in front of Thursmolus' house.

Eclina led them to the door and knocked.

An old fairy's voice called out, "Who is that? Why have you come here?"

Eclina said, "Hi Thursmolus. I am Eclina. I have my 5 kids and Tom and Lisa with me. We need your help. One of my kids, Lima has been kidnapped."

Thursmolus answered, "Do you want clues?"

Eclina replied, "Yes, we would like clues to know where to even start looking for her."

Thursmolus opened the door and asked them to come inside. She then said, "Do you have 3 gold coins to give me? Eclina answered, "Yes, I have. I will give them to you."

She took out the coins from her purse and gave them to Thursmolus.

Thursmolus' eyes slowly became grey, and a new voice coming from her said, "Lima is in kidnappers land in a big red house. You must go to the enchanted line and find a well. The well is a portal to kidnappers land. The well will be found in the deepest part of the enchanted line."

Then her eyes started to become normal, and she slept off.

Eclina quietly told the others to follow her outside. All of them followed Eclina outside and to the chariot.

Eclina quietly closed the door to Thursmolus' house.

Eclina then told the chariot unicorns to take them to the enchanted line's entrance.

CHAPTER FOUR – THE LAND OF GIANTS

The chariot reached the enchanted line in a few minutes. They all got out of the chariot.

Eclina gave some food to the unicorns to feed on.

Eclina's children hid behind Tom and Lisa as they were very scared of the enchanted line. Tom and Lisa told the fairies to not be scared.

They told them the last time they were here in fairyland, they had gone across the enchanted line to find the stolen tooth and returned safely.

Sophie said, "Enchanted line actually looks so beautiful, but I learned in school that bad monsters live in there."

Eclina said, "Come on, let's go find that well!"

After walking for a while, Eclina said, "Oh no! I guess we are lost here! I'll call the chariot again to help us"

She called the chariot. They all got on to the chariot and Eclina told the unicorns to help them find the well.

The chariot went up in the air, but it took them in different directions trying to find the well. After it flew for a while, it reached a very big cloud and the chariot passed through it. But instead of coming out of the cloud, they had entered a different world!

They saw huge trees, huge birds, huge animals, and huge people. Everything was magnified!

One giant grabbed their chariot and looked at everyone inside. Then, the giant said in a loud voice, "You fairies will be placed on top of the presents I had made to give my master. You are very useful to giants."

Then the giant looked at Tom and Lisa and said, "Oh! Hi humans!! You are so much smaller than we are! I thought we were in similar sizes! You 2 will make a nice present for my daughter."

The giant laughed, opened the chariot door, and picked up the fairies and Tom and Lisa. He took them into his house and started gift wrapping them with very thin gift paper. Then, he took out his car from the garage and took the gift wrapped fairies and placed them in his car along with other gifts for his master.

Gift wrapped Tom and Lisa were left in the house.

The giant was very bad at driving. So, when he went on humps, there was a huge jerk felt inside the car. Due to these jerks, gift wrap started slowly tearing.

When Eclina's gift wrap tore, Eclina was able to free herself. She helped other fairies to free themselves.

Soon, all fairies were free. They looked around in the car trying to find a way out. After a while, Clamery exclaimed, "Look here, this window is slightly open. We can fly off and go back to giant's house to find Tom and Lisa."

Eclina nodded. All fairies squeezed themselves through the gap in the window and went out flying.

Eclina said, "We need to find Tom and Lisa now. To keep us safe, I will make us invisible."

Her children nodded in agreement.

Eclina made them all invisible. Then they started flying all around trying to find the giant's house.

After a long time, they found the giant's house. They flew inside through the window. They found Lisa and Tom gift wrapped, sitting on the table.

Eclina used another spell to free Tom and Lisa and made the fairies visible.

Tom and Lisa thanked Eclina. Lisa asked her, "Now what do we do?

We need to get out of here and reach Lima as soon as possible."

Eclina said, "Here's my plan. I will put a spell on us to make us invisible so that we can get past the giants easily. Then we will start searching for the portal to go back."

Tom asked, "Isn't the door locked?"

Eclina said, "Yes, it is. But the window has a small gap. We can go through that."

Tom and Lisa nodded.

Eclina made them all invisible. Then she put another spell on Tom and Lisa so that they became small enough to go through the gap.

They all flew out of the window and started searching for the cloud portal.

Eclina suddenly said, "I'll try calling the chariot here."

She uttered a spell to call the chariot, but nothing happened!! She tried again but still nothing happened. Eclina said sadly, "Oh no, I don't think this magic works here. We need to find the portal ourselves."

After a while, they found an odd shaped cloud. Piny said, "This might be the portal. Should we try going through it?"

Eclina nodded. They all flew through the cloud together. They opened their eyes and found themselves back in fairy land.

They all sighed with relief.

CHAPTER FIVE — THE CLEARING FULL OF CANDIES IN THE ENCHANTED LINE

Suddenly, they realized that they had left the chariot behind in the land of giants.

Eclina tried calling the chariot again through a spell. Luckily, the spell worked this time. The chariot flew through the odd shaped cloud and onto the fairyland.

Lucy said, "I don't ever want to go back to the silly land of giants." Clamery said angrily, "Those giants are extremely bad! I wish they never existed!"

Lisa said, "Let's get on to the chariot and try searching for the well again."

They all got onto the chariot and told the unicorns to find the well again.

The unicorns started flying around again in different directions. After a while, they flew towards a small clearing with a patch in the middle which looked like a well.

Eclina told the unicorns to stop. They got down to see if that was the well that would lead them to Lima.

Then, they noticed a label on the patch of land, that looked like well.. "The candy clearing lies beneath. Candy clearing is a beautiful place where everything is made from yummy candies and delicious junk food".

Lucy said, "I am very hungry. This land has candies and the food I love. Let's go there."

Before Eclina could stop Lucy from going inside the well, the 5 children jumped into the well to go to Candy Clearing.

Eclina sighed and told Tom and Lisa, "These kids!! I guess we have to go to Candy Clearing now!"

Lisa nodded in agreement and whispered to Tom, "The place does sound nice! It seems to have everything we love to eat!".

Tom smiled and nodded.

Eclina, Tom and Lisa then jumped into the well. They landed in a big place full of candy trees, green candy grass, burger shaped houses with burgers for walls and roof, pizza shaped birds which were pizzas flying in the air. It was raining chocolate milk shake.

Lisa licked the chocolate milk shake that fell on her face and hands and murmured, "It's soo yummy Tom!!" She then ran towards a burger shaped house and took one bite of the burger from the wall.

Eclina told Tom, "You go behind Lisa. I'll find my kids. Let's meet back here."

Tom nodded.

When Tom looked around for Lisa, she had gone towards the flowers on the green grassy candy that was made of ice cream and was eating them.

Tom sighed and ran towards Lisa. As soon as Tom looked at the ice cream, he was so tempted to eat the flowers. He was unable to control himself, plucked a flower from the grass and started eating.

By then, Lisa had run off towards a pizza shaped bird and was trying to catch the pizza to eat.

Tom found himself covered in chocolate milk shake by then. He then tried to find some water to clean himself. After a while, he found a blue colored liquid flowing like a stream in the garden. When he

went closer, he realized that they were mini cupcakes. He again couldn't control himself and took one cup cake and ate it.

He thought the cupcake tasted extremely good. He then walked a little more along the stream and found a bridge made of dark chocolates. He called out Lisa and said, "This land is soo nice!! You love dark chocolates right, see the bridge here!!"

Lisa saw the bridge and gobbled up the railings of the bridge.

Then she looked at the mini cupcake stream and got 3 cupcakes from the stream and ate them.

By then, they heard Eclina call out their names saying, "I found all of them. Come on, let's get out of here!"

Lisa whispered to Tom, "Whenever we come to fairy land again, we should come back here and eat to our hearts fill"

Tom whispered back, "Good Idea!! I don't even feel like going back from here. But it's time we went back and found Lima!!"

CHAPTER FIVE- THE CLEARING FULL OF CANDIES IN THE ENCHANTED LINE

Lisa and Tom then reluctantly walked towards Eclina. They looked at all the candies that the child fairies had in their hands and smiled.

Eclina looked at them and said, "I could not stop them from eating or taking candies. At least they agreed to come back if I allowed them to take as many candies as they could in their fists".

Piny gave 2 of her candies to Tom and Lisa and told them, "I am full. You can take these 2 candies".

Tom and Lisa took the candies and gobbled them up.

Then they all climbed up the well. As soon as they reached the top, all the candies in the child fairies' hands disappeared. Tom looked back and saw all candies from their hands falling back like rain into candy clearing.

Lucy was about to jump back into the well, behind the candies but Eclina reminded her about Lima and said, "We are wasting time. We should find Lima. She will be so scared without us."

Lucy then said sadly, "Oh yes, I'm sorry. Let's go find her."

CHAPTER SIX - THE LITTLE FAIRY'S HOUSE

Fanny said, "Shall we go back to the chariot and ask the unicorns to try again?"

Eclina nodded.

They all got back into the chariot. Eclina asked the unicorns to find the well again.

The unicorns started circling around again trying to find the well. After a minute, the chariot stopped near a beautiful house with a small well next to it. They all got down and were happy thinking that they have finally reached the well that will take them to the kidnappers land.

Clamery jumped into the well without asking or saying anything to anyone.

Eclina exclaimed irritated, "Why doesn't anyone wait?!"

Then they all followed Clamery into the well.

After a long time, they reached a grassy land with water all around. But there was nobody around.

Tom said, "There is nobody around! This cannot be kidnappers land. Can it?"

Eclina said, "Yeah Tom, this doesn't look like kidnappers land though we don't really know what it should look like!"

Lisa said, "Let's find Clamery and get out of this well!"

They all started looking around for Clamery. After some time, Sophie shouted, "I found Clamery. There she is walking around. I think she's searching for Lima."

All the others ran to Clamery. Eclina said, "Clamery, this definitely doesn't look like it is kidnappers land. It is just another well. We should get back."

Clamery hesitated for a minute and then agreed. They all then climbed out of the well.

When they got out, Fanny looked at the house and then at all the others. Before anyone could stop her, she knocked on the door of the house.

Immediately the door swung open and a young fairy about 5 or 6 years peeped out of the door. She said in a small voice, "Hi, I am Alena. Who are you? I see you have Tom and Lisa with you."

Eclina stepped forward and said, "Hi Alena, I am Eclina, a tooth fairy. These are my children – Piny, Lucy, Clamery, Fanny and Sophie. You already know Tom and Lisa."

Alena said, "Hi all of you. Isn't Lima your daughter too? Where is she? She is my friend."

Eclina told Alena sadly about how Lima had suddenly disappeared, and they suspected that she was in kidnappers land. Alena said, "Lima is my best friend. I always played with her. Too bad that she got kidnapped. Are you now searching for her? If you are, can I also come along? I want to help!"

Eclina said, "Oh yes! We are searching for a well which will take us to kidnappers land. You can come along with us."

Alena said, "Do you have any clue where the well is?"

Lisa shook her head and said, "We only know that the well is somewhere around here."

Alena said ignoring Lisa, "I don't know flying yet. So, if you are flying someone will have to carry me."

Eclina said, "Don't worry. We are using a flying chariot to get around."

Alena said looking at Tom and Lisa, "You are humans right?"
Tom nodded.

Alena continued, "Many years ago, when my mother was my age, she had found some information in the Moving Papers that 2 humans called Tom and Lisa had helped find a missing tooth. Was that you both?"

Lisa smiled and nodded.

Alena said, "You are famous Tom and Lisa!"

CHAPTER SIX THE LITTLE FAIRY'S HOUSE

Lucy said changing the subject, "I want to get Lima back quickly. Let's continue the search for the well."

Alena nodded and said, "Okay, let's go."

Everyone went out of the house and got into the chariot.

Alena exclaimed, "This chariot is the best!! I don't even have to know flying to get to places!"

Everyone laughed. Eclina told the unicorns again to find the well.

CHAPTER SEVEN - THE CARNIVAL LAND

After a second, the chariot stopped again. This time, when they looked out, they saw a well with stones all around it. They all thought, "This should be the portal to kidnappers land!"

Alena said, "This place is beautiful! I had never actually been here before though it is so close to my house."

Tom said, "Let's get into the well", and jumped in.

They all followed Tom into the well. They landed in a place full of carnivals. People were dressed up in different costumes and were dancing to loud music all around. There were lots of buildings all around with weird objects hanging from them. There were few humans too performing stunts on ropes coming down the buildings.

One of the stunt humans shouted, "I found a few more humans here. Let's get them into our team for performing stunts."

Tom and Lisa were shocked. Tom said, "No, we can't perform stunts. We are here for a different purpose!"

The human said, "No humans come here for other purposes. They come here only for stunts. So, you have to join us whether you like it or not!"

Lisa said angrily, "We will not join you whatever you do!"

The stunt human said, "You have no choice my dear. You have to do stunts."

Eclina who was behind them said, "You humans do stunts the whole day. Don't you get bored?" The stunt human responded, "No, we are not allowed to get bored!"

Eclina continued, "Dear human, you can go back to human world and do the things you like! You don't have to stay here! I can help you!"

The stunt human said sadly, "No, our master will not allow us to go out of this land".

Eclina whispered to him, "I have a spell to make you invisible. Then your master won't know where you are, and you can escape from here with us."

The stunt human replied, "Alright then, quickly put the spell on me. I would love to go back!"

Eclina put the spell to make all of them including the stunt human invisible. The stunt human told them, "We can't climb up from here. There's another way to fairy land. You follow me."

All of them followed the stunt human towards a star shaped well. The stunt human said, "I think this is the one. But I am not sure. Should we try it? No harm in trying, right?"

Eclina looked at the others, and said, "Okay, anyway there is no other way for us. Let us try."

They all jumped into the star shaped well hoping they'll go back to fairy land.

After a big fall, they found themselves in a place with a lot of different types of people around them, like humans, fairies, elves, giants etc. All the people there were wearing similar clothes which said "Kidnappers Land. Beware trespassers!".

Eclina whispered to the others, "This must be Kidnappers Land! We are finally here!"

The stunt human asked confused, "What kidnappers land? Didn't we want to go to Fairy Land?"

Tom and Lisa quickly told him the story about Lima getting kidnapped and their journey so far. The stunt human said, "I guess then I

took you all through the right portal!"

Eclina said, "Yes, we have been searching for this portal for quite some time now. Thank you!"

CHAPTER EIGHT -KIDNAPPERS LAND

The invisibility spell on them had worn off. So Eclina put a spell again to make them all invisible. They started to walk around trying to find the red house that Thursmolus had mentioned.

After a while, Tom called out to the others, "I think I found the house. Look there!", pointing at a red house on his left.

Eclina said, "Yeah may be. Should we peep in and see if we find anything?"

Alena nodded. They peeped through the window and saw I ima inside alone.

Eclina put another spell on all of them to make them small enough to go through the gap between the window and the wall.

They all flew inside and looked at Lima. She was asleep. They heard a sound. Two kidnappers walked into the room talking to each other.

The invisibility spell on the fairies and the humans had started to wear off but they were still small.

One of the kidnappers noticed them and remarked, "What are those things flying near the fairy?"

The other kidnapper replied, "Flies maybe. We can shoo them away."

The first kidnapper said, "Wait, look carefully. They are not flies. All don't have wings."

The second kidnapper said, "Let's put the reveal spell. They will automatically show themselves in their real form." And put the spell on them.

Immediately, all of them were back in their normal forms.

The first kidnapper said, "See, they are not flies!!"

The second kidnapper said, "Oh fairies and humans!! What are you doing here? If you have come here to rescue this child fairy, you can go back now. We will not let you take her!"

Piny who had become very irritated with the kidnappers, took out her wand and uttered a spell to destroy the kidnappers. But the kidnappers stopped the spell and threw it back on Piny. Eclina pushed Piny right on time, but the spell hit her hand a little and a funny shaped scar started appearing on Piny's hand. The scar was in the shape of waves on water. Piny looked at the scar and said excitedly, "I think this is the scar that

helps us find out what fairy we are!! And looks like I am a water fairy!"

Eclina looked at her scar and said. "Yes Piny, that indeed shows you are a water fairy!"

One of the kidnappers had got a spell ready by then. Eclina immediately put a spell to create a bubble of protection around all of them.

The kidnappers' spell was repelled by the bubble. The kidnappers put another spell to destroy the bubble. A small crack appeared in the bubble. Eclina stepped out of the bubble and put another spell to pull out all the flowers from the kidnappers' land and form a layer around the kidnappers.

Immediately, all the flowers came flying in and covered the kidnappers completely.

Eclina stepped closer to the kidnappers and then put a spell to destroy them. The kidnappers were destroyed but immediately they came back to life. Eclina was shocked.

The first kidnapper said in a croaky voice, "You cannot destroy us so easily!"

The second kidnapper put a spell to break the protective bubble around the other fairies. The bubble exploded and the protection was gone.

The second kidnapper then started aiming his wand towards the other child fairies. But the stunt human by then ran towards the second kidnapper very fast and kicked him hard. The second kidnapper was wounded and was in shock.

The first kidnapper tried to put a spell on the stunt human, but all the child fairies put different spells and aimed them at the kidnapper and collapsed the kidnapper. Second kidnapper was slowly trying to get up.

Alena saw a shield and a sword hanging on the wall. She went and quickly took them out. She ran towards the second kidnapper and started to fight the kidnapper. She managed to hurt the second kidnapper pretty badly and he collapsed.

Luckily, none of the kidnappers got back to

All of them sighed in relief. Eclina went to Lima and woke her up with a spell. Lima stammered. "Wh where am m I I ? I remember going to the park to play!"

CHAPTER EIGHT-KIDNAPPERS LAND

Eclina said, "You are right Lima. You were also right when you said you saw people from kidnappers' land. I am sorry I didn't believe you. But come now, let us go back home. You need to rest."

Lima got up and hugged Eclina. She said, "I want to go home now." Eclina put a spell again on all of them to keep them invisible and to make them small enough to go through the gap again.

They flew through the gap and went towards the well they had come from. Eclina put a spell on the stunt human and Alena to make them fly and to get them back to their normal sizes. They all then flew up the well and reached the carnival land.

They could hear the loud music and dancing going on. They were all still invisible.

Tom whispered to the stunt human, "Thank you stunt human again for helping us save Lima! Now we will help you reach the human world."

The stunt human whispered back angrily, "My name is not stunt human. My name is Estemito."

Tom whispered back, "Ok Estemito. Let's now focus on getting back to fairy land and then to our world."

CHAPTER NINE – BACK HOME

Tom asked Estemito, "Now where is the other well that will take us to fairy land?"

Estemito said. "There is one more a little ahead. That will take us to fairy land. Follow me."

They all followed Estemito to another square shaped well that was upside down.

Estemito said to the others, "This is the one. Shall we fly up?"

All of them nodded.

They all flew up the upside down well and finally reached Enchanted Line.

Estemito said looking around, "Is this fairy land?? There seems to be no houses or anyone around here"

Eclina explained that they were in enchanted line which was on the outskirts of fairy land. She then told him, "Come home with us. Tom and Lisa will then lead you to the human world."

Estemito nodded happily.

The chariot was waiting for them. They all got into the chariot. The chariot was now full. It seemed to be very crowded inside with 3 humans and 8 fairies.

Estemito exclaimed, "Wow! What is this?? I have never seen anything like this!"

Eclina grinned and said, "This is a magical chariot. It will take us wherever we want to go, most of the times!"

Everyone laughed.

After a few seconds, they reached Alena's house. Eclina said to Alena, "Thank you for coming along and for your help!" Lima also thanked her friend.

Alena then said, "My pleasure. Lima, take rest and come back soon to play!"

She then said bye to everyone else and got out of the chariot and went home. The chariot then took them to Eclina's house.

All of them jumped out of the chariot.

Eclina then whispered to the unicorns to go back to their place of rest and have food.

The unicorns took off with the chariot.

Lisa said to Eclina and the other fairies, "We must also head home now. It is getting late. We will come back as soon as we can!"

Eclina hugged Tom and Lisa and bade them goodbye. Tom and Lisa hugged Lima and told her to take good rest.

Tom, Lisa and Estemito then said goodbye to all the fairies and then they walked towards the ladder which took them out of fairy land.

After climbing up the ladder and crawling through the tunnels, they finally reached home.

Estemito looked around and said, "This place is extremely beautiful!! Everything is more spacious than I am used to!"

Lisa laughed. Tom whispered to Lisa, "Lisa, who is that person behind you? He is acting as though he has seen this world for the first time. What is wrong with him?"

Estemito was surprised and whispered to Lisa, "What happened to Tom!! He seems to have forgotten me!"

The adult fairy looked around and then told the baby fairies, "You must have imagined. There is nobody here."

In the meantime, Louis and his friend reached the rest house and as per their plan, fixed the gem to the door knob.

They then went back to the forbidden enchanted line and back to the evil land.Lisa whispered to Estemito, "Tom remembers Fairy Land only when we are there. He forgets all about it when we come back home. This is because he never believed in fairies, so the first time we ended up in fairy Land, a fairy called Roseletten put this spell on Tom to make him believe. But it works only when he's there."

Estemito understood. He then went to Tom and said, "Hi Tom, I am Estemito. I am new to this country. I came from very far away. I am a tourist."

Tom smiled and responded, "Hi Estemito, nice to meet you!"

Estemito controlled his laughter.

Tom then added, "How do you know my name?"

Lisa interrupted saying, "I met Estemito a while back and told him all about you. That's how he knows"

Tom was confused but he just accepted.

Lisa told Tom, "Tom, Estemito does not have a place to stay. Let's get our camp stuff and make him a camp to live in?"

Tom nodded and said to Estemito, "Wait here Estemito. We'll bring stuff and set up camp for vou."

CHAPTER NINE- BACK HOME

Tom and Lisa then ran home and returned with lot of stuff. They then set up camp for Estemito. They had also got some fruits and snacks for Estemito to eat.

Estemito was very happy and thanked them.

Tom and Lisa then told him, "You take rest. We will meet you tomorrow." And then they went back home.

Lisa thought to herself and smiled, "Such a memorable birthday!"
